President's Message

To all the members of the UPOA family, I express my deepest appreciation for bestowing upon me the honour, the privilege, and the opportunity to be the 44th President of the UPOA.

I am deeply humbled. More so when I think of the stalwarts that have occupied this position in the past. This is such an honour. Being the president provides a great chance for me to work with the outstanding leadership of this association. We will work together in all spheres to maximize the association's effectiveness. I am very confident that the Executive Committee will continue to make great strides in fulfilling its mission of promoting professional education and research, and to assist the grooming and training of young orthopaedic surgeons in the region.

For me, honestly, it's not about individual accomplishments, individual positions and awards. It's about the opportunity to do something and contribute to the association. Its about trying to be part of a legacy and trying to develop that legacy forward

I am committed to the grooming of the future leaders of the orthopaedic community, in UP, India and in the Asia Pacific Region. I strongly believe that young surgeons have something unique to add to our association and our profession. This is primarily through their combination of energy, idealism and a never say die attitude. The Association should continue to support and encourage the young surgeons. Engagement with our young blood will be very important going forward. It is the best way to protect our legacy and improve professionalism and accountability. I hope that during my Presidency I can provide them this platform to rise and flourish.

I take this appointment as a call to serve the UPOA, more than as a personal honour. I believe that leadership is never an avenue to be self-serving but rather a platform to render service to association. I therefore pledge to serve you and the Association to the best of my ability in this one year.

Thank you

Dr Ashish Kumar

Alle

President UPOA

Lucknow

Secretary's Message

Dear Members.

Greetings from Lucknow. I will start by thanking the UPOA family for bestowing upon me the honour to serve as the secretary of UPOA. I will do my level best to serve UPOA with all truthfulness and dedication.

An academic association is judged by the quality of its scientific calendar. I would request all district orthopaedic clubs/societies to conduct symposia & workshops. Kindly conduct these events under the aegis of UPOA. This will enable greater participation as well as add points for UPOA as we compete for the coveted prize of best chapter of IOA. The executive of the UPOA will assist in whatever way possible and ensure that it is attended by one of the office bearers.

The rapidly growing internet highway has drastically transformed the learning mediums. One can easily find out whatever he needs to know, by simply browsing the internet, emailing or skyping someone. But that can never replace the full meaning of the philosophy to be enlightened. For that, meaningful discussion and face to face encounters are necessary. This can only be facilitated by academic associations like the UP Orthopaedic Association, who organise frequent scientific events for the benefit of their members.

The official programs of the UPOA shall be designed for interacting with the experts from every subspeciality. The aim will be to share and enhance knowledge on the latest international research and developments in the field of orthopaedic and for interaction among peers.

Through the dedicated commitment of our colleagues of the UPOA, our mission remains "to serve the profession, champion the interests of our patients, and advance the highest quality of musculoskeletal care." I hope that each of you will embrace this mission and become involved in your association. Support its programs; volunteer to serve on a committee; participate in initiatives that are important to you and to your patients. Only by becoming so engaged you will realize the full value of your membership.

Let us embark on this fruitful journey together, shoulder to shoulder, to share a common idea and embrace a common goal to make UPOA the shining star of IOA.

Your vision will become clear only when you look into your heart. He who looks outside, dreams. He who looks inside, awakens."

Jai Hind

Dr Santosh Singh

Secretary UPOA
