# PRESIDENT'S MESSAGE

**Respected Members of the Uttar Pradesh Orthopaedic Association,**

With profound humility and a deep sense of responsibility, I am honoured to assume the role of President of the Uttar Pradesh Orthopaedic Association. I extend my heartfelt gratitude to each of you for your trust and confidence in me. I also express my sincere thanks to the leadership of the Uttar Pradesh Orthopaedic Association and Indian Orthopaedic Association for their steadfast support and guidance.

Our vision, encapsulated in the theme of this year **"Surgical Excellence @ Grassroots"** underscores our commitment to advancing orthopaedic care in our state. I am dedicated to aligning our efforts with the broader goals of the orthopaedic fraternity to elevate the standard of orthopaedics in every part of Uttar Pradesh. I commend the tireless efforts of our predecessors, whose contributions have significantly shaped orthopaedic surgery in Uttar Pradesh. I feel privileged to follow in the footsteps of these stalwarts and pledge to uphold their legacy of excellence and service.

To all our esteemed members, I extend my sincere appreciation for your support and collaboration. Together, we possess the power to achieve remarkable feats and overcome challenges. Let us foster camaraderie that transcends boundaries and unites us in our mission to enhance orthopaedic care.

As we embark on this journey, I am committed to creating an environment conducive to continuous learning and growth. I intend to initiate programs to equip our members with the latest surgical skills and techniques, ensuring we remain at the forefront of orthopaedic advancements uniformly. In this endeavour I wish to reach out to the experienced surgeons, teachers and youngsters of all the medical colleges of our state for their help to disseminate the newer techniques at grassroots. This will not only benefit us as practitioners but also enhance the quality of care we provide to our patients. Furthermore, I envision establishing a platform for sharing surgical experiences among our members. Let us celebrate the successes of those who, despite constraints, deliver exceptional results. By sharing their experiences, we can collectively learn, adapt, and inspire one another to excel in our profession.

In conclusion, I stand before you as a humble servant of our esteemed association. Together, let us strive towards a future where orthopaedic care reaches every corner of our state, where knowledge knows no bounds, and where collaboration propels us to greater heights.

Long Live UPOA

  
**DR. K.D. TRIPATHI**  
**PRESIDENT UPOA**  
**PRAYAGRAJ**

## SECRETARY'S MESSAGE

Greetings from Lucknow. I will start by thanking the UPOA family for bestowing upon me the honour to serve as the secretary of UPOA. I will do my level best to serve UPOA with all truthfulness and dedication.

An academic association is judged by the quality of its scientific calendar. I would request all district orthopaedic clubs/societies to conduct symposia & workshops. Kindly conduct these events under the aegis of UPOA. This will enable greater participation as well as add points for UPOA as we compete for the coveted prize of best chapter of IOA. The executive of the UPOA will assist in whatever way possible and ensure that it is attended by one of the office bearers.

The rapidly growing internet highway has drastically transformed the learning mediums. One can easily find out whatever he needs to know, by simply browsing the internet, emailing or skyping someone. But that can never replace the full meaning of the philosophy to be enlightened. For that, meaningful discussion and face to face encounters are necessary. This can only be facilitated by academic associations like the UP Orthopaedic Association, who organise frequent scientific events for the benefit of their members.

The official programs of the UPOA shall be designed for interacting with the experts from every subspeciality. The aim will be to share and enhance knowledge on the latest international research and developments in the field of orthopaedic and for interaction among peers.

Through the dedicated commitment of our colleagues of the UPOA, our mission remains "to serve the profession, champion the interests of our patients, and advance the highest quality of musculoskeletal care." I hope that each of you will embrace this mission and become involved in your association. Support its programs; volunteer to serve on a committee; participate in initiatives that are important to you and to your patients. Only by becoming so engaged will you realize the full value of your membership.

Let us embark on this fruitful journey together, shoulder to shoulder, to share a common ideal and embrace a common goal..... to make UPOA the shining star of IOA.

DR. SANTOSH SINGH  
SECRETARY UPOA

**Upgrading Journal to e-journal Platform**

Dear Editor,

Hope you are doing well.

Further to previous emails from Mr. Vikas Chavla, we are pleased to inform you that 'Journal of Bone and Joint Diseases' is ready to migrate from Medknow's OAP Journal platform <https://www.jbjd.in/> to Wolters Kluwer's e-Journals platform (eJP). The new site is visible now at <https://journals.lww.com/jbjd/Pages/default.aspx>. The Journal's URL will start resolving to the new site in the next few days.

eJP hosts +300 Lippincott Journals and a growing number of Medknow journals, providing them with a customisable website with the ability to publish multimedia content alongside journal articles. The online experience makes the article content available in a rich full text format, along with PDF downloads, a variety of personalisation options, and responsive mobile views that are device agnostic and easily converted based on the users' device preferences. Using the eJP's intuitive editorial tools, the journal's Editorial Office will have the power and flexibility to build additional content around the articles – custom content collections, blogs, podcasts, standalone-video libraries, and more – to meet the needs of users.

This transition will provide improved performance, speed and product development to enable an enriched user experience, resulting in a growth in discoverability and usage.
